The History of Tito

It is believed that Tito was born in a small beach village of Todos Santos, in the middle of Mexico's Baja peninsula. Or maybe it was just outside of Hali 'ewa, on the North Shore of Oahu. Then again, it might have been the town of Balboa, on the Pacific coast of Panama.

Truth is, no one's quite sure where he's from! Whenever asked, Tito simply leans back & scratches the growth on his chin & replies (using his own brand of language that we refer to as "Tito-speak"), "I come from da beach, brah. And no matter where I am, I will *always* be at da beach!"

Spoken like a true hedonist.

It is that love for the hedonistic lifestyle of the beach, & the good times that come from it that's the soul of Tito's Burritos.

Tito's Burritos' slogan is, "It's all good!," & that motto applies to the z to offering our customers nothing but goodness. That means the tastiest food, prepared & served in a casual & easy-going manner, at a good value.

We use only the freshest ingredients in everything that we prepare, & every order is custom made the way that YOU want it. It might take a couple of minutes longer, but we'll make sure that it's worth the wait.

If you're eating here, kick back & enjoy the music, or the "wish I was there" TV, which runs the finest in hedonism.

It is our wish that you enjoy everything that Tito's Burritos has to offer, & that your experience leaves you feeling that "It's all good"!

¡Mahalo!

PS:

You might see Tito around the shop every once in a while, but sightings are indeed rare. After all, you can't be a true hedonist & a workaholic.

We love Tito just the way he is, so we'll cut him some slack if he only shows up occasionally for a little chow & to pick up some spending money.
